## “Anne’ s house”

Hi, I’m Anne. I’m 11 and this is my house. I live here with my family: my parents, my sister and our dog Cuddle. Our house is a terraced house. It is in a suburb of Ho Chi Minh City. It is made of bricks and covered with red tiles. It has five rooms including a living-room, three bedrooms and a kitchen. On the first floor , there are a kitchen , a living room , and a bathroom. We have dinner in the living room. Our play room is my best place because I can play billiards there. My parent’s bedroom is on the second floor on the front of the house. My sister’s bedroom and my bedroom are at the back of the house. Oh! We have a study room, too. It is a study room and a play room. We can play billiards there! I like this house very much. It is the place where I was born and grew up. It has given me good memories since my childhood. I wish I would live in it forever. What does your house look like?
